MFG Seafarers Fund:

Our home province, Leyte, suffered so much devastation when typhoon Haiyan (Yolanda) struck our country last November 8, 2013. We have lost lives of at least 18 dear family members on top of the damaged it caused to our properties.

We are grateful to good-hearted individuals who went through with us during our difficult time. Words are not enough, likewise, to thank you for the financial and moral support extended to us by MFG Seafarers Fund. Thank you so much for giving us hope to rise again from the calamity.

Again, our thanks and more power.

Sincerely yours,

C/m E.B.M.
